Currently building mobile apps at GrowthOps.

Skills & Traits

Familiar with modern web development environment.

Up to date with the latest JavaScript features, ECMAScript proposals & popular libraries.

Mainly worked with React, React Native and Redux.

Experience

Front End Developer - GrowthOps

(Oct 2019 - present)

I joined GrowthOps' KL Campus as a Front-end Developer, but ended up spending most of my time developing mobile apps.

I worked in a cross-disciplinary team where I am responsible for developing a mobile app which has over one million PlayStore downloads.

Front End Developer - Taukala

(May 2019 - Sep 2019)

I started my career at Taukala; a small yet passionate software house in Cyberjaya. It became a defining role for me as I developed many of my opinions about software development here, through many spirited discussions with the team.
